

## Town Hall Under Construction

Renovations are taking place with the Town Hall. In the New Year we anticipate a grand re-opening of the historical gathering place for this community!

Soon, we also look forward to re-opening the museum preserved by the Palmer Lake Historical Society <https://palmerdividehistory.org/> as well as the return of the Pikes Peak Library in Palmer Lake. The ADA-compliant ramp is in final stage of completion.

**Drop off unwrapped new toys to the Town office at 42 Valley Crescent before 12/13.**

## WINTER FIRE SAFETY TIP

No matter what type of device you use to heat your home, make sure your heating devices and/or systems are in good working order. Many things can go wrong with heating equipment during the spring and summer months. Verify that everything you need to keep your home warm throughout fall and winter is in good working order before you experience the first cold of the season.

### Fireplace Safety Tips

- Get your chimney inspected each year to make sure that it is safe.
- Hire a chimney sweep to clean out your chimney every fall.
- Repair any cracks in fireplace.
- Use fireplace screens to keep sparks and fire debris inside the fireplace.
- Do not ever use gasoline to start a fire in the fireplace.
- Never leave a fire unattended.

### Family Fire Safety Tips

- Teach your kids how to respond in the event of a fire.
- Make sure young children know how to dial 911.

### Fire Safety Tips for Holiday Decorations

- Only use fire retardant holiday decorations.
- Verify that all holiday lights and extension cords have been tested by an organization such as Factory Mutual or Underwriters Laboratory.

**Make sure your space heater has an Automatic shut off in case it tips over.**
