Board of Trustees  
Town of Palmer Lake  
42 Valley Crescent  
Palmer Lake, CO 80133

Board,

I have sincerely enjoyed serving as the Town Attorney over the course of the last four years. In that time, the Town has faced many challenges and has persevered and progressed through collaboration, determination, and hard-work.

However, in light of the recent media and social media coverage relating to a personal matter, that I am vehemently defending, I have decided to take a step back from representing the Town until my personal case is resolved. In the meantime, our firm will assign another attorney to serve as the Town Attorney with significant experience representing municipalities.

My primary concern has always been what is in the best interest of my client, the Town of Palmer Lake. Although this personal matter has no relation to Palmer Lake and in no way affected the legal advice I provided to the Town, the recent attention it has received from the media and the public could be a distraction to what is in the best interest of the Town if I were to continue to serve as the Town's attorney.

Again, I have enjoyed working with the Town Staff, Elected Officials, and Citizens and wish the Town nothing but the best in what I know will be a bright future.

Best,

Matthew Z. Krob
